06/18/2009	<a href="#">1235</a>	ORDER re <a href="#">1230</a> Letter, filed by Payment Card Interchange Fee and Merchant Discount Antitrust Litigation -- After discussing the matter with the parties' representatives, all concerned agreed that (a) the Class Plaintiffs' motion (docket entry ("DE")1230) to modify the current version of the protective order is not moot, because responding to the pending investigative demands by state and federal law enforcement agencies will impose burdens on the plaintiffs in this case that the plaintiffs seek to avoid; (b) the only relief that the Class Plaintiffs seek is the incorporation into the protective order of the three substantive paragraphs set forth in DE 1230-7; (c) the Individual Plaintiffs seek the same relief, with the exception that the phrase "Class Plaintiffs" should be replaced with "Plaintiffs" in each instance it occurs in the proposed modification; and (d) the Defendants do not object to any of the specific proposed modifications to the protective order. Accordingly, there is no dispute among the parties: all agree that there is no good reason to deny the plaintiffs the relief they seek. I therefore granted the Class Plaintiffs' motion to modify the Third Amended Protective Order, as well as the Individual Plaintiffs' request with respect to that protective order. 08/17/2009	<a href="#">1288</a>	Minute Entry for proceedings held before Magistrate Judge James Orenstein: Telephone Conference held on 8/17/2009. THE FOLLOWING RULINGS WERE MADE: 1. In light of the circumstances to which Visa U.S.A. refers in its letter of today's date, docket entry <a href="#">1287</a> , I adjourned the oral arguments previously scheduled for August 18 and 20, 2009, to dates to be scheduled in early October. I made the decision to adjourn <i>sua sponte</i> , and I apologize to all concerned for all needless travel and preparation burdens arising from the last-minute nature of that decision. 2. I will hear oral argument on the defendants' motions to dismiss on October 7, 2009, starting at 10:00 a.m., and I will hear argument on the Class Plaintiffs motion for class certification and on the defendants' motion to strike expert testimony on October 8, 2009, starting at 10:00 a.m. I have set the foregoing dates without consulting counsel and will of course entertain an application to consider alternate dates. I will also entertain applications for other forms of scheduling relief to the extent counsel believe that there are matters than can and should be addressed prior to oral argument on the dismissal and class certification motions. 09/27/2012	<a href="#">1633</a>	Minute Entry for proceedings held before Magistrate Judge James Orenstein: Status Conference held on 9/27/2012. SCHEDULING: The next status conference will be held on October 17, 2012, at 2:00 p.m. THE FOLLOWING RULINGS WERE MADE: 1) I resolved a dispute with respect to the briefing schedule: specifically, I directed the settling parties to submit a reply to the objecting plaintiffs' response to the motion for preliminary approval no later than 30 days after the response is filed. 2) I denied the objecting plaintiffs' motion to file a document under seal, and directed their counsel to file the motion on the public docket. 3) Defendant Visa agreed that its motion for a protective order is premature or moot; I therefore deem it withdrawn, without prejudice to seeking appropriate relief with respect to the objecting plaintiffs' counsel's request for access to certain sealed materials if and when the matter ripens into a live dispute. 4) With respect to the objecting plaintiffs' motion to compel the class plaintiffs' counsel to produce to them the entire record in this case, co-lead class counsel stated that they do not seek a retaining lien and will not seek to withhold any files on the basis of a charging lien. The parties will continue to negotiate their dispute, and I will hold the motion to compel in abeyance pending the parties' further report on the matter. 01/22/2013	<a href="#">1785</a>	Minute Entry for proceedings held before Magistrate Judge James Orenstein: Status Conference held on 1/17/2013. SCHEDULING: There are no further conferences scheduled before me at this time. THE FOLLOWING RULINGS WERE MADE: 1) The parties consented on the record to have me decide the motion of Mary Watson to intervene for purposes of seeking a modification of the Protective Order. See Docket Entry ("DE") 1737. After hearing the arguments of counsel, and as further explained on the record, I denied the motion. The proposed intervenor has not complied with the requirements of Federal Rule of Civil Procedure 24(c), and does not seek to litigate any claim or defense in this action. Moreover, I would in any event deny the motion in an exercise of discretion and deny the motion to amend the Protective Order for reasons set forth on the record. 2) I heard argument on the Class Plaintiffs' motion to compel non-party American Express to produce documents in response to a subpoena. See DE 1760. No later than January 24, 2013, the litigants will file supplemental submissions on the motion as follows: (1) American Express will state whether it wishes to preserve or disavow any argument that contests the efficacy of the claims by proponents of the proposed settlement that the settlement's terms would have certain effects in the market; and (2) both sides will address the source of the court's authority to enforce a subpoena purely for purposes of advancing a party's motion for final approval of a proposed class settlement. I will decide the motion after reviewing the supplemental submissions. (Court Reporter Michele Nardone (718) 613-2601.) 		<i>Further Support of Class Plaintiffs' Motion to Compel [DE 1760]</i> by Payment Card Interchange Fee and Merchant Discount Antitrust Litigation (Montague, H.) (Entered: 01/24/2013)
02/01/2013		ORDER re <a href="#">1531</a> MOTION to Compel <i>American Express Documents</i> filed by Payment Card Interchange Fee and Merchant Discount Antitrust Litigation, <a href="#">1760</a> Letter filed by Payment Card Interchange Fee and Merchant Discount Antitrust Litigation -- To the extent the Class Plaintiffs seek to pursue a motion for discovery originally made before the parties agreed to the proposed settlement that has received preliminary approval, I conclude it is untimely. Regardless of the effect of the parties' consent, at the time of their agreement to the entry of the order dated July 17, 2012 ("all pending motions for relief (including motions concerning discovery ) are deemed withdrawn without prejudice to reinstatement if the settlement is not consummated"), the motion to compel discovery was not initially filed until long after discovery had closed. In light of the fact that the parties have reached an agreement that will, if approved, obviate the need for any trial in this matter, it is clear that the Class Plaintiffs have no need at this time for any discovery for purposes of prosecuting their claims. Under such circumstances, I decline to require non-party American Express to undertake discovery burdens. To the extent the Class Plaintiffs seek to compel American Express to comply with a subpoena so that they are better able to refute objections to the proposed class settlement, none of the parties have identified any law that authorizes the court to grant such relief and impose such obligations on a non-party. Finally, compliance with the subpoena is not necessary to ensure that a court-appointed expert will later be in a position to advise the court about the efficacy of the proposed settlement. To the extent the expert may later determine that the information at issue here would be useful to his or her analysis, the court will of course be free to issue an order compelling the production of such information in aid of its jurisdiction to decide the motion for final approval of the class settlement. <i>See</i> 28 U.S.C. Sec. 1651(a). Ordered by Magistrate Judge James Orenstein on 2/1/2013. (Orenstein, James) (Entered: 02/01/2013)

04/15/2013	<a href="#">2224</a>	Letter from Stephen Kopeski of Dino's Park-N-Shop: I object to the settlement in this lawsuit.

		Specifically I object to the settlement for the Cash Settlement Class, the allocation Plan and the notice procedures. Visa and MasterCard and their member banks violated the law because they set interchange fees. I object because these same Visa and MasterCard and their member banks violated the law by imposing and enforcing rules that limited merchant from steering customers to other payment methods that would have lowered interchange fees. Visa and MasterCard and their member banks continue these same activities despite their changed corporate structure after this case was filed. The Defendants conduct caused us to pay excessive fees for accepting Visa and MasterCard cards. If it were not for the defendants actions interchange fee would be a lot lower. The actions and conduct of Visa and MasterCard and their member banks violates US Anti-Trust regulations and restrain trade. My name is Stephen W Kopeski, 1020 Putnam Pike, Chepachet, RI 02814, phone is 401-568-6590. (Brown, Marc) (Entered: 05/02/2013)
